## Description -

- As we can't remember everything, users frequently forget to buy the things they want to buy. However, with the assistance of this app, you can make a list of the **groceries** you intend to buy so that you don't forget anything.
- This app is a simple **grocery list app** that allows you to add, edit, and delete items from your list.

## Features

- Add Items to Cart
- Delete Items to Cart
- Edit Items to Cart
- Price Chart
- Display the list in a recycle view
